white leggins. How can
you find me? All the
men in the picture are in
the 10th F. Bn, S.C. Some
are telegraph men, some
are telephone, but Co. A
is all radio. We had
quite an interesting period
of radio practice this
afternoon. Within fifty
feet of our station there
was a class of artillery
officers with a big gun
and range finding
instruments. Last
week we saw the engineers
build a pontoon bridge
across a small lake at
the foot of our hill.

I wish I could write
to you often. Sunday
