Ditto 2 December 1702 @

Since the aforegoing Coppys of our last, arived the Newnham from London Capp^tn William Wassel Comander, wee have dispatched with 135 Pipes for Jamaica, the Charles Capp^tn Kesar brought us Invoice & Bill of Ladeing for Two Bales q^ntes 25 p^ces black Sayes, and 20 p^ces Shalloones, you wil find as wee have noted in several of our former dates that you have sent us the Shalloones by mistake, insted of long Elles, therfore send us noe Shalloones in the parcell marked ⅊, but send the full Complement of the Sixty p^ces Long Ells, wee cannot omit telling you that you have not done us justice in the freight by Kesar, charging us £4:12 for two small Bales, that dee not take up the Roome of one ton^ne, wee think it strange and others admire at it, but cannot believe it to be otherwise then a mistake, wee acknowledge, it is not a Matter of soe much value to say much upon it, yet cannot pass it over without makeing our remarks, & indeed freights soe dear in outward bound Ships wil make us decline sending for goods, whilst others are better accomodated three Parts in four ——— Wee know this was not your owne Ship.
Wee send you Mr Darrels Second Bill on Mr Ezekiel Hall for £1000, & Capp^tn Rupert Billingsleys receipt for £300 sent Messrs Lapthorne & Doidge, & more £200 — p^r the Richardson Gally Capp^tn Richard Tippets Comander to Ditto Messrs Lapthorne & Doidge in Plimouth or your good Selfe in London.
The Mary Gally Capp^tn Thomas ~~Harrison~~ comander freighted by Mr Abraham Mendez & Mr David Nunes Sierra for Barbados, overset in this Road when wee had laden 60 Pipes aborde, the Ship broken in peeces, because could not be raised in this Place, W^m as Consul hath endeavoured to save what hee could of the Wines, but wee know not what damage is done to them by Salt Water
Wee are at the 14th ditto, little alteration, noe English vessel in Porte, This goes via Lisbon, in wch Occation have passed our Bills, and finding wee needed not the

whole 5000 Crs in the Hands of Mr. Lancelot Stepney, have drawne upon him but you may please to debet us accordingly

Please to add to the Goods Nº 50 d colour'd Thread Sorted
10 p. Cloth Serge vizt 6 Cinamon colour, 1 Crimson, 2 Light Colour & 1 Blew
1 Case q^t 12 Ivory Hafted knives

Its probable these small Things may be too much trouble to you, as wee find, by your not sending us what wee desired under the 31th. January, which reached your hands —

Wee must advertize you that your Packer doe not make one p^t of Bays a Rapper in each Bale as hee did the last, where it came almost spoyled, they were the first that came to us in that Manner —

Likewise that the Sayes must be fine, and not of the large thick Says of the new Fabrick wch are not soe vendable here, wee desire you wil please to mind it, & that wee may have all wee write for, for these People are soe much Humourist, that they always say when any thing is wanting to compleate the Parcel, that it is That wch they most needed —

Wee are
