sions. There has been a census
taken by the Free State
men of Kansas in the greatest pro-
slavery locality. There is only one
proslavery man to 7. In Atch & the
lower proslavery is one to twenty.
We intend going into the elections next
fall with great vigor & just as tow-
ish the friends of the U.S. at the

fifteen thousand of a majority
Mrs Miller's fever are better
but will remain until the
weather gets a little cooler.

I wrote the gold on your claim all
dope before I started for Mo. I have
not yet invested in his mills
start in the morning to try & get
it in when it will pay.
I will send you the two papers
from time to time. We have plenty
of water in our mill to do us.
We only blasted two feet & found
into the rock immense. I believe
an extensive mill would do fine
note here. Very truly
