

Wed. Aug. 15, 1917.

Dear Blanche,

I got your letters and stamps O.K. and thanks very much for them. They help out quite a bit. I didn't have my hair clipped on top but it was cut very short & is required. Last night I ordered a vest pocket camera to take with me. When Mother comes to see me I will let her take my big camera back. I am getting a long fine here, and am not the least bit homesick. Don't expect me to write — I simply have not got time. When we are not drilling we are studying and practising. There is always something to do.

With love Forrest.
