It sure is going to be hard to leave without seeing you at all. If I didn't have such a healthy bunch of folks I could I suppose find some way of having a day in Belmont. I can hardly wait to get your picture. Send it as soon as you can.

Maybe I'll get some here pretty soon. I should like to see you with your hair done up. Did Lauretta ever fix it for you? I sure am glad that you and Lauretta are such very close friends. Don't ever tell her that I ever "hugged" you. She and you are the only girls I ever had very much respect for. Say nothing of anything further.
