

Monday Aug. 20, 1917.

Dear Marie,

Just got your Pat.
letter today. I wrote you
a letter last night but
addressed the letter to Bebit.
There is quite a bit of talk
that we will go to Fort
Omaha, Neb. next Wednesday.
There is an aviation corps there.
I wonder if that will mean
anything to me. We spent
most of this afternoon out in the
field with the wireless pack sets.
We had four stations operating.
I just bought a new text
book on radio telegraphy
this noon. We had an hour of
unmounted drill, and the rest
of the morning in semaphore
and buzzer practice.
