December 7, 1940

Mr. C.H. Thompson
Kansas City Star
Kansas City, Missouri

Dear Frield Clad:

I want to tell you that you are a master when it comes to weaning the boys away from the crater of a volcano.

You certainly produce a lot of laughs for the pent-up gentry who might otherwise explode.

Thank you very kindly for your first-aid treatment.

Sincerely yours,

Director of Physical Education and Recreation
Varsity Basketball Coach
