415 East 1 St.
Newton, Kansas
May 2, 1944

Dear Sir

Well it has been quite sometime since I have heard from you. I am sorry that I did not answer any sooner. I and my friend Jet into the Big 6 Indoor Track meet. We got to see good old Kansas do very well. And that I am all ways glad to see. Well about Basketball. Our Team did very well. We had 33 wins and 7 losses. We played in Topeka twice ~~once~~ in Feb. and ~~once~~ in March. We had a good sponser and had a good bunch of boys. At School the boys call me the Allen Tan because I all ways stick up for you. As you know at Newton the assistant coach ~~is~~ went to Colorado University and was under Frosty Cox. Our Team is a independent and we got about 3 or 4 Sophomores from the High School. And as you know the High School hates us. We will have exactly the same team ~~as~~ next year as we did this year. We had suits and warm ups. All the boys are interested to see you. Next year we want you to see us play. We will either in Lawrence or at Topeka next year. I will let you know. This year We played 3 games in 1 day one right after the other. We would like to have you watch us play and see what improvements we need. A boy who likes Mr. Ravenscraft the Assistant Coach said he was going to Colorado University and he said where are you going and? I said I am going to Kansas University. I said any time Kansas could n't beat Colorado it would have to be an off night. Kansas is a Basketball School. Kansas has all ways had a good Team and will all ways have a good Team. Do you think I would have a Chance to make the Team at Kansas University even if I don't
