ADDITIONAL FACTS ABOUT BONDS OF SERIES E, F, AND G

★ Series E Bonds can be registered in the names of individuals *only*—in the name of one individual, or in the names of two individuals as co-owners, or in the names of one individual as owner and one other individual as beneficiary.

The annual limit of ownership for Series E Bonds is $5,000 maturity value, or $3,750 cost price, for each calendar year, of bonds originally issued during that year to any one person, including bonds issued to that person individually, or to him with another as co-owner. However, in computing holdings, bonds issued to co-owners may be applied to either or apportioned between them.

Upon death of owner, Series G Bonds are redeemable at 100 percent after 6 months from issue date, if application for redemption is made within 4 months after decease.
