Messrs Robert & William Haysham Jamaica June 20. 1708

Gen.

Two days since arriv'd Capt Hastings from London but by her we did not see a Sail to any purpose yet good news she came out with y B.B. & Jamaica Com. who she left ten days ago all but her self being bound away Dismasted without calling here this year much disappointed y Traders who we cond never make to believe any such thing till now this will make them comply to easier terms w. before they cond have done this ship brong. about 60 moies of wheat & weed Bale Goods and loads about 140 pp. wine for B.B. where sending her safe to arrive will undoubtedly come to a good market y. Fleet going without calling must make quite another vance considerably throughout all y West-Indies, there was no woollen Goods nor English wheat in y Island till y ships arriv'd y. Harvest will be large but how for in y Western Islands as yet we have no advice in port we have two Ships and a Tarvil bound thither to load new corn they will bring about 500 moies, this we designe you off y. Abraham Capt Love who put in here in her Passage from y Canaries on we send you two hh. Mahoes as p Bills of Loading inclosed Capt Gridston went only two q. casks w. we had much adoe to perswade him to take in we wish those as well as those will gett to you in safety finding y hh. of Tobacco pooling in our Fly. Hope we had sent Mr William Haysham another now had it been y time of y year but when it comes shall take care of it y Fleet takes in here about 50 pp. white wine load. by several here in Compa of y. raises a small sloop bound for Dublin w.s. commodity we have nothing else worth y. Notice but to assure y. we are.

We are now at y.e 29.th Inst. & since y.e forgoing is arriv.d Capt. Summer back in a small privateer of 12 gunn & 35 men & 4.th Inst. in a prize he looks amongst y.e Canary Islands a Portt. Packett of 8 Gunn & 50 men being bound from thence from those Islands to Brest we therefore look a Portug.s Brazil man & sent her into Lis.a from whence he himself sailed out a few days agoe he has not Com.d from Lis.a y.t we find y.e ex.e is very low and still like to decline so y.t Friends will have an opportunity of putting y.e mony cheap into Lis.a y.t will make y.e wines come out cheap. We are

to y.e forgoeing we have — little to add not willing wearying from — any port except a Lear from Cap.t who is — bound to Terceira to load home & new rhoome — loades Succat for Cap.t the will being about 360 mojs of wheat, we designe you y.t the privater above mentioned who sold his Prize here & is now designed for the Western Islands, the former after her Cruse is out rhoomes for Lisa. —

the want of ships makes all things at a stand as they have bin for some mos. Past we hope — there will be an alteration before y.e year is Ended. The Vintage will be smaller y.n y.e Last occasioned by some winds & small Raines — we had in y.e Last mounth —

w.ch did a great Deale of Damage —

The Harvest is all in & y.t was large as before advised Corne at y.e same price as formerly advised, but w.n the Island Ships comes in will fall, w.t is hence forward Imported must lye by for some mos — till y.e Natives have Expended their owne Crops w.ch will last till y.e winter mos.

We Expected before y.t time should have had some ships Either from Lisa or England to — load wines for y.e west Indies, being y.e fleets were ordered not to touch here, ~~the~~ B.s & the Leward Islands they must Ere now have a — good Price for few has gone lately thither What ships should Come bound to any of those Islands must meet w.th a good market, we — we believe you would not doe amiss being the fleet is Gone by on w.ch we suppose you designed the loading some wines, to give us — orders as ships may offer & Freight can be had to load your same on y.m in w.ch we shall act y.e Best we can for you, besides the Coronels of y.e Ex.a must be a farther Incourag.t — woollen Goods but few on y.e Island unsold — We Kiss y.e Hands & are Gentlemen
