Mr. Richard Harp,
1301 West Campus,
Lawrence, Kansas.

Dear Dick:

I am just a little concerned about your grades. Please do not think I am nagging you, but I notice that you have been going out of town rather consistently, and I recall the fact that in your conversation with me after you had failed in your Spanish course that you stated you were going to get down on a strict study basis and make some good grades.

I recall very vividly when you went to Kansas City with Mrs. Allen and me to the Rosedale High School activity banquet in which you were set out as one of the outstanding students from Rosedale High School. I also recall that Superintendent Schlagle told me at the Argentine High School banquet the year you were a senior in Rosedale that there was one young man who was a grand student and a fine athlete, and in addition was all man. He said that boy was Richard Harp, of Rosedale.

Dick, I am concerned in you and your future. You have too many fine qualities to be doing a job only partially. That is the reason for this letter. Won't you take a re-inventory of your time and bear down on this study business? I am looking into the future year after this coming fall when Dick Harp should occupy all the highlights that Fred Pralle occupied, and in addition to that Dick Harp should be one of the outstanding students on the campus like he was at Rosedale High School.

Won't you drop in to see me, and let's talk this thing over. Athletic leadership is nil when you have nothing but athletic leadership.

Yours for a big year next year, and a bigger year the year following - for you and for all of us.

Sincerely yours,

Director of Physical Education,
Varsity Basketball Coach.
