Madeira Decemr. 14. 1708. @

Gentlemen

We come now to acknowledge the arrival of Capt. Love ye. Abraham who proceeds to Jamaica. as did the Jamaica Mercht. Capt. Burnham wth abt. 270 ps. wine but by neither of ym were favoured wth any from your good selves. We incloased send you Invo. & Bill of Lading for the 50 ps. p Capt. Beezely amountg. to t. who wee sail to morrow night he took in near 400 ps wine. he has been here longer ther expected being forced to put to Sea having the misfortune to Break his windles wch was very faulty so could not venture in he had procured him another. Incloased wee send youry. Accot. Curnt. wch please to examine & finding it right note it in conformity wth us. you wee find wee have credited you wth ye Imp. of a cruzado a ps. for the wines loaded by us. What was loaded by Mr Bolton wee have no accot of the man adjust it being before our time when have an accot thereof shall credit ye. withit in our New Acco. If you the are so pleased to ordr. us Wee suppose the goods you mentioned to be sent in comp. of Mr. Doliffe to Mr White must be those that were restiped on the Penelope Capt. Keyser so have credited you wth 1/3 of them as likewise 1/4 pt of the Ells p Crispin. Wee in the year 1706 & 1707 took out of Capt. Bulcock 50 Bund. of hoops Each voyage for wch wee gave him our receipts wch ye were pleased to order at 21 £ p Mo. a price wee never gave before as the Quantity was small shall not dispute the matter but we think tis a great deal too much. We shall examine abt Capt. Barrows staves but to the Best of our remembrance very few were put ashore here the Mastr. kept the rest aboard to stow ye casks wee shall suddainly see what is in the Lodges & hereafter advise ye the need full Not having time now to do it being passing our Bills if their should be any Error in yr Acco. pray advise that may put it to rights but wee think there is none. Wee now on this Occasion Value our selves on Mr Stepney for 1000 £ on yr Acco wch we doubt not but you will do us the favour to see they be punctually Discharged as you always have done on which we shall totally rely. The Balla. of your acct is £ s. wch shall carry to your Credit in a new one. We shall be daily expepting Capt. Richard who we have

advice was at Cork with orders to Call here. When a Ship arrives your Commands shall be duely observed and when can get freight at any reasonable rates shall put your Order in Execution. We see y thinks 40/ a great price Mr Hemingway gave Beazely £3.10.– & obliged to send the one half in small casks. We did not think it feazible to give that price for you for what he could have taken in overd above what was left on Charter Party. Wch we hope you will think we have done well in. For your Interest we shall allways consult. We Cant tell how the Gentlemen can answer to him Imployers the giving such rates. Ware it not for him might bring y Masters to Cheaper Termes. But this we take only to be a spurt wch Cant last. You will do well to secure freight with you, because it will be some time before the Mastrs get y noise of these great freights out of their heads. but it must be of course soon over & come to the usuall prizes. Little or no Foreign Corn at Market it is retaling at 400 ℔ ℔ Mlt and rising. We understand in England tis very dear so can Expect but little from thence till it falls. The last Vintage proving small wch makes People hold up the Old Wines and as Ships come in they will be dearer wch makes people go securing them. Capt Love Brought a great many Goods for several. We Expected y would have sent us some having wrote to Mr Bolton abt it what we believe is the Discouragement here is the Lowness of y Exch wch is now on the advancing hand & we believe will continue so. while the Corne Trade is not overdone as formerly it has been wch overballance much of y Trade from Lisbo to England: We have now in Port y Pembroke Galley of Bristol Capt Vicarry loads 180 pr for Jam who Came from Cork where he left Capt Richards. Capt Murton from Dublin belonging to Biddeford both with provisions. The Henry Snow Capt Hughs loads 40 pr wine for Antigoa a Brigtne from Brazil a small Sloop from Boston loads 40 pr for BB wch will all sail to Morrow in Compa of Capt Beazely. The Governour of Pernambuque is put in her being seperated from the Fleet soon after Cameout. This goes by a small Vessel that makes our Publick Occation. Capt Love will hardly be dispatched before the Holydays. So recommend to y the Care of our Bills respectfully Salutes & remaine &c
