November 17, 1939.

Miss Jeannette Schlottman,
Texas College for Women,
Denton, Texas.

Dear Miss Schlottman:

We still remember how perfectly you relaxed when you executed those difficult and delicate techniques on the dance floor. This Jayhawk bird that I am sending with Dr. Duggan's memento which you will hang on your lapel at times is an omen of good luck which insures mental relaxation at all times.

It was good to have you and your collaborators, cooperators and coordinators on Mount Oread. Were you the one who asked for the Jayhawk yell? Well, if you did, you've got that bird.

With all good luck and best wishes for your continued success, I am

Sincerely yours,

Director of Physical Education and Recreation,
Varsity Basketball Coach.
