Gentlemen. What goes before we confirme to be a copy of our last to wch have you to be referred but now having a Dutch Ship Bound North abt. Foraams off Design now to add what has since occurred & now come to acknowledge y.r receipt of yours of the 14 May & the Leeward Island fleet who arrived here y.e 7th Inst.t & sail again the 5th under convoy of the Sapphire & Newport men of war. & since has been here the Crown Capt. Davis by way of Lisbon for Lam.d we are sorry for the Loss of the wines & Bezely but y.u must consider the badness of the weather when here wch we formerly wrote you obliged you to make several times to go to sea during his receiving his wines aboard & forced to go to sea with them unstowed. So if rec.d any Blow or Knock that can't be imputed to any mismanagem.t of ours. when rec.d aboard they were all in good order. We can condemne the same Capt. acknowledges of Price Loading we do assure you we never skip off a piece of wine w.th out stripping all the Hoops & restow them again. We note what y.u write concerning the Bills drawn on Mr Stepney it is true we drew 1134 ℔ Sterling but only 1000 ℔ were on your acc.t. the other was towards a small Bill. he was owing us. the wch we have advised him a few days ago for y.r Mr Nicholas so that if you do debt us for the whole the same we must do him. But this was never our intention or design it was a misunderstanding of his wch we doubt not but he will rectify accordingly. So wch shall be expect his answer for we only drew 1000 ℔ on your acc.t as have above advised. So according to his advice shall alter it & wch more hereafter these ships coming on so soon on the back of another that we have not had time to make an estimate what must draw on Mr Stepney in Octo. for the wines loaded in Collins Voye. & the fleet but shall do it in a few days. So shall rely on y.r ordering bills to accept our Bills as usual wch we very much esteem your care on y.r. You will find as we could not gett any Mam.s to our mind that we in Lieu thereof sent you 6 hhd of Merchist old come (Vedonia) wch we hope will prove to Cont.t abt Nov.r. The Hope we Capt. Innis is expected here from Norke & designd directly from your City by wch time we hope our new Mam.s will be fitt to load. & he shall send you 6 or 8 hhd.s in her. The Harvest is almost all in but the wint is like to be bad weather. Several small craft have gon hence lately to the Westerne Islands to load Corn but as yet none returned. So know not how the Harvest proves there. It is our opinion Corn will be a Comodity towards the end of the year. We shall conform this p.r via of the Island so remain &c.

Gentlemen We are now at y.e 3.d August confirming the foregoing Copy p.r low.ch have not time much to enlarge
