Dr. F. C. Allen

Dear Dr. Allen:

I am writing you concerning tuition fees of a new student named T. P. Hunter Jr. who has formerly lived in Okla.

Hunter's sister-in-law came to me today and said that the boy had talked to you about getting in school on resident fees rather than non-resident fees, and that you had told him that if he could establish residence in Kansas by the 21st of this month that he could get in school on resident fees.

T. P. Hunter Jr.'s, father and mother are separated and have been for considerable time. For the last seven years he has been cared for and expenses paid by his brother T. B. Hunter. His brother T. B. Hunter has been a resident of Kansas for over a year and at the present time resides at 428 West 18th. in Hutchinson, Kansas. T. B. Hunter is willing to become the legal guardian of T. P Hunter Jr. In this way we can make T. P Hunter Jr.'s address in Kansas as his will be the same as his guardian's.

I am writing to ask whether or not this arrangement will meet the resident requirement so Hunter can enter school as a Kansas resident. I am also writing to you as I understand that Hunter talked to you about this matter. If this arrangement is not satisfactory I would appreciate it very much if you would inform me what is necessary to met this requirement. I would appreciate this information as soon as possible as I understand that we must have this done by the 21st.

Lee Trabinger

I hear that the boys had a successful rush week at the house, and that things point to a fine year for the entire school.

Lawrence, Kansas.

Dear Dr. Allen:

This is a rather belated letter, but I want to write you to let you know how pleased T. P. Hunter seemed on his return from Lawrence. He is very much enthused about his intentions of enrolling in K. U. this fall.

I will say that he is certainly sold on you, Dr. Allen, and I know he will be more than pleased with his decision as the years go by.

There is one problem which is still worrying him considerably and that is the out-of-state matriculation fee. His brother does not care to go through the adoption proceedings due to legal and financial reasons. His brother has recently moved to Hutchinson, Kansas and has been paying taxes in the state for more than a year. If this fact will not entitle T. P. to enrollment without the extra fee, his brother has consented to be appointed his guardian.

Please advise me the proper way you think this should be handled, as we should like to have this matter settled before T. P. leaves for Lawrence.

May I hear from you in the near future?

Yours truly,

Dear Mr. Hunter:

This will acknowledge your letter addressed to Dr. Allen.

Your letter will come to his attention at that time and he will write you.

Dear Dr. Allen:

The office mailed my credits to K. U. and they sent me the registration card. I returned it filled out in full.

About the out-of-state tuition, my sister-in-law will move to Hutchinson, about Sept. 1. my brother has been working in Kansas, nearly a year now. Will this be sufficient to evade the non-resident fee?

I want to go to school up there, but if I have to pay this fee I don't see

hardly how I can make it.
The 11 K A.s have written me several nice letters, and I believe they will help me where they can.
I shall be glad to hear from you concerning the tuition and when I should be up there for enrollment.

Yours truly

Dear Coach Healey:

Your letter of August 30th was sent to me at Culver, Indiana, where my family and I were located on the shore of Lake Maxincuke Kee. For that reason I failed to answer your letter in time to be of benefit to your two boys, Trepsas and Powers.

The week before your letter was written I was called to Kansas City to attend the funeral of my father who had passed away. For this and other reasons I have not followed some of the details as closely as I would have under other conditions. I wish you would forgive me for not answering your letter sooner.

I want you to know that I greatly appreciate your interest in sending the transcripts of the boys and writing in their behalf. Obtaining jobs for boys is not a difficult situation if you are on the premises early and can get the jobs lined up for them.

We are in the midst of enrollment now, and I am not informed whether either one of the boys came to the University or not. If they did, I would be very happy to see them and help then in every way possible.

Dear Mr. Allen,

I received your letter some time ago concerning Trepsas and De Felice, two of our boys who wanted to enter Kansas Univ. De Felice doesn't seem to be able to make it. Wm Trepsas, a 170-lb. full back and Wm Powers, a 165-lb. end tell me that they can get about $150. together and that if it is possible to obtain work either at the school or in the vicinity of the school they would like to enter Kansas Univ., and take a chance at making enough money to finish the year.

I am sending a transcript of their marks, and would be glad if you would advise me in the matter.

Sincerely yours,

My dear Doctor:

I am sorry, indeed, to have caused you so much trouble in procuring the Minnesota-Nebraska tickets.

I am in receipt of your letter of Saturday and it is now 12;15 Noon and the tickets have not been received at this address.

I am going out of town for a few days and if they are not here when I return I will have you call Major Jones by telephone and have him hold the tickets at some designated place.

Your package is at Brogan's Drug Store as I told you over the phone the other day subject to your call.

Again thanking you and with best wishes, I am

Dear Mr. Hamilton:

I am very happy to have your letter of the 17th instant, and I am now rushing the check to Major Lawrence McC. Jones, Director of Athletics at Nebraska, asking him to do the very best possible for you.

Some two weeks ago I wrote Major Jones regarding tickets for other people and he replied that they were at the end of the stadium and in concrete. I take it this is past the goal line. I fear that they have sold even those tickets, by now, but I am writing this morning so the letter will be on Major Jones' desk early Monday morning.

I am using a little pressure in obtaining these tickets from him, if at all possible. I am asking that he mail them direct to you, or write you enclosing your check if he is unable to supply them.

Two months ago it was reported that all seats in the stadium had been sold. It might be that he would fill your request for seats in the temporary bleachers at the end of the field. If these are not desirable, if he is unable to obtain better ones, you can of course return them for a refund.

I wish that I had known of your desire sooner. I am very sure I could have done better than at this date.

Assuring you it is a pleasure to accommodate you in any manner, I am, with kindest regards,

Sincerely yours,

My dear Friend:

I am enclosing our Company's check payable to your order in blank amount for three (3) tickets for the Minnesota-Nebraska Game at Lincoln October 2nd.

I trust that you can take care of me at this late date. I appreciate at this late date I will have to be satisfied with whatever is available but my experience has been that most any location is good in the Nebraska Stadium.

Dear Biff:

I have just received a letter from my eldest daughter's father-in-law, Mr. D. G. Hamilton, president of the Hamilton Drug Company, 18th and Wyandotte St., Kansas City, Missouri. He is making a special appeal to me for three tickets to the Nebraska-Minnesota game at Lincoln on October 2.

Since Mr. Hamilton is in my daughter's family I would appreciate anything you could do for him. I am enclosing a blank check executed by Mr. Hamilton and endorsed by me. Will you kindly correspond with Mr. Hamilton regarding what available seats you have left?

If you are forced to put them in the temporary bleachers at the end I, of course, would be sorry. Mr. Hamilton is a K. U. alumnus, and lost a leg during his undergraduate days at the University. For that reason I am hoping that he can be placed in some permanent seat where the danger of injury is lessened.

I promise you that I will not bother you any more than I am forced to do so, because I can appreciate what such irritations mean even in the normal flow of business. Ordinarily I would write to John K. Selleck, and perhaps you will turn this over to him, but I would appreciate this personal attention of yours if you can do it.

Mr. D. G. Hamilton,
c/o Mrs. Wm. W. Blair,

Atchison, Kansas.

Dear Mr. Hamilton:

Confirming my phone conversation this morning, I am expecting to leave the tickets at the Hotel Cornhusker with the mail clerk there. However, should you have any difficulty, I wish you would please ask for Mr. Schimmel, the owner and proprietor. I am taking every precaution against any slip-up at this late date.

In my letter to you dated September 18 you will recall a paragraph in the letter as follows:

"I am using a little pressure in obtaining these tickets from him, if at all possible. I am asking that he mail them direct to you, or write you enclosing your check if he is unable to supply them."

I cannot see how in the world this error has crept in, but that is over the dam now, and I have three tickets for you which are in Section F, Row 45, Seats 20, 21, 22. By looking at the stadium chart which is printed on the back of the ticket I find that Row F is between the 40 and 50 yard lines.

I am quoting an excerpt from Major Jones' letter of September 20: "Many thanks for the great interest you are taking in boosting our ticket sale. I received the check from your friend in Kansas City this morning and we are mailing the tickets.

"In regard to taking care of the father-in-law of your daughter, Mr. Hamilton, we are mailing out three seats in the concrete stands. As you know, they cannot be very choice this late but we have done the best we can."

Let's make it this way, to be sure. I will leave these tickets with the mail clerk at the Cornhusker Hotel but I will be in the lobby at 12 o'clock so that you may page me and if anything goes awry I'll be there. I will also have you paged so that there will be no question about

your getting the tickets. So I'll see you at 12 o'clock, and I am very sure that you are going to have good seats for the game.

I'll take care of myself and my group in the meantime or later, after we see that you are taken care of.

I am very sorry about this inconvenience to you, as I had hoped you would not have to worry about the details, but I am writing this special delivery letter to ease your mind, as well as Julia's and Billy's, on your trip to Lincoln. I want you to enjoy the trip all the way, anticipating sitting in good seats and being on time. I hope this will be some compensation for the worry you have had heretofore.

With every good wish for a very pleasant day, I am

Dear Dr. Allen:

I do not wish to hurry you in the selection of a secretary for the Department of Physical Education, and hope you will not feel I am too presumptuous in writing you at this time about my application.

There is another position open here at the University which I have been asked to fill, and I do not wish to keep them waiting for my decision more than a few days. Although this job is somewhat less desirable to me than the work in your department would be, I do not feel I can let anything slip by if I am unable to secure the work with you. Frankly, I hope I may fill the qualifications necessary for the position in your office and that I may hear favorably from you.

I have hesitated writing you while you are so busy, but I am sure you will understand why I have taken the liberty to do so.

I am "pinch-hitting" for the girls in the Chancellor's Office for a couple of weeks while they are on vacation. It seems almost as if I had just returned from a vacation and was back at work for another year.

Dear Dr.Allen:

I'm not very prompt with this review, but here it is.Neither do I feel that I have done a very good job of handling it. You see I forget much of the features of the race by mid-summer, but hope this meets your requirements.

I enjoy doing this, but if you know long enough ahead of time next year, I wish you would let me know by the close of the season, and I'll send it in then, when the matter is fresher in my mind and I will be able to do a much better job.

If this doesn't suit send it back and I'll try to look up some of the games in the files and write a better one.

I'm feeling pretty well, but getting terribly tired of this heat, and trust you are taking a vacation somewhere that is cooler than Kansas.

Thanking you for the recognition, and wishing you kindest personal regards, I am,

Five Years -- College of Emporia: Played 40 games, lost 3.

Nine Years -- University of Missouri: Played 75 games, lost 26.
First 7 years, played 58 games, lost 15.

Nine Years -- Big Six Teams: Played 44 games, lost 15.
First 7 years, played 38 games, lost 9.

Missouri won three championships and finished second, three times. At the end of seven years, Missouri was well ahead of all Big Six teams. At nine years, two schools, Nebraska and Kansas, were even in games won and lost.

In the nine years we played 32 non-conference games, lost 10. The first seven years we played 25 games, lost 5.

Our non-conference games have been with the strongest teams in the country, having played such teams as Chicago, Northwestern, West Virginia, Tulane, Southern Methodist, Texas, New York, Southern California and others. We defeated Chicago, Northwestern under Hanley, West Virginia, twice when they were Eastern champions, tied Tulane twice and lost from Southern California after no score the first half, 20 to 7, lost to New York, tied Southern Mathodist at Columbia, and lost to them at Dallas. We had one bad year, 1931.

I am especially proud of Missouri's record with Nebraska. Before I came to Missouri, she had managed to score once in 26 years on Nebraska. We defeated Nebraska three years in a row and when they had one of their greatest teams, defeating the Notre Dame Great Four Horsemen, and Illinois when they had Grange. We defeated them in 1925, 1926 and 1927.

St. Louis Professional Teams -- 1933: Played 16 games, lost 2.
Lost to Cincinnati, 7 to 0.
Won from Brooklyn 21 to 7.

Mr. Victor Hurt,
Athletic Department,
Tulsa University,
Tulsa, Oklahoma.

Dear Vic:

Congratulations, my boy! Not only to you, but to Mrs. Hurt and the whole family. That was a rousing, smashing victory that you put on over Drake. I am sincere when I tell you that I knew that you would take them, but I was amazed at the size of the score. I felt Drake would give you a whale of a battle but that you would get away with at least one pass touchdown and score a field goal and maybe register a race down the field for a touchdown, but you made it so decisive that it was an unusual surprise.

Vic, I want to say something to you that I know you will understand, especially when you have come to me for help in treating your athletes injuries, not only upon yourself but upon some of your boys. A Mr. J. H. Johnston, from Oklahoma City, came to me merely asking information regarding a position as team trainer at some institution.

I said to him, "The place I believe you could make good and be appreciated would be at Tulsa University under Victor Hurt." I also said, "Now don't go to the athletic board or anybody else but make a date with Vic and talk to him and sell him the idea, not only the treatment of injuries, but being a property man and trainer."

I told Johnston that he could save more money for you than his own salary as team trainer and property man. While a school can get along without a trainer in basketball and track, if they have to, yet it is a costly deal. Nevertheless, you must have one in football. If you get along without one in football it is the most costly thing that I know of.

I have never seen Johnston work, but he impressed me as a very intelligent, high grade and personable individual, and I am frank to say to you that if we had not had an athletic trainer this year and did not have Elwyn Dees, I would have hired Johnston.

You will remember years ago when I took Milton Kelly who is now at the University of Texas and trained him as our property man and team trainer. He had a bad case of flu that resulted in a

bronchial irritation and he found the winters here were too severe for his respiratory system. I therefore saw Phil Belmont down at the Texas Relays and told him the type of man Kelly was. Belmont hired him, and Kelly is one of the prime men down at the University of Texas Athletic Department. The Kelly knee pad and the other Kelly apparatus that he sells attest to his ingenuity and personality.

Roland Logan, you know, was the next trainer, and he is now with the Boston Red Sox. Then came Jimmy Cox, and he is now trainer for the athletic teams at Harvard University. Elwyn Dees is the fourth trainer that I have developed, and he is an ace hitter in our school.

I have written this long letter, not with any idea to tire you out, but endeavoring to interest you in a very worthy young man that I took a special liking to in the short time that I had a visit with him when he called upon me last week.

With kindest regards and best wishes, I am
