We are God be praised at the 26th ditto — This conveyance being a Portequize Man of Warr bound to Lisbon WB designed to take Passage upon him, in order to get to England, but the Comander Haveing order from their King not to carry any Strangers, hath prevented his Intention, so that now he knowes not whether he may remaine untill he leaves the Island not to returne,

We have written Messrs. Hall about their proposall to take into Company Mr. George Wildey who was formerly their apprentice, they say they have written to by Capn. Foxley, who did not touch here, therfore we are at a loss for want of information, haveing promised them not to take any other before we have their answer —

if you know of a Person fitting for us that upon good Consideration, will serve WB five years, that writes well, he is willing to take one into the House, and according to his Capacity & Deportment, may not doubt of Preference, because if WB should goe for England it cannot be excused to have one to assist Mr. Wildey, or who ever we take into Company, if therfore you doe find one of Capacity with good Security, and with a valuable Consideration, as we have always had, you may act for us, ~~etc~~

It wil be very necessary that you draw out an Abstract of our Acct. before it runs too long least any Mistake should happen, because as you have not advised us particularly of severall Things, we may conclude upon ~~several~~ Thoses that are not, and soe one Error beget a greate Many —

you mention your designe of sending some Goods, wch. we have from Time to Time informed you are soe greate a Drugg, that they are sold at under Rates, in Truck of the Worst of Wines —

you know we are always reddy to give you the Preference of what may be Done, but if you insist upon 30 p. Cent 6 p. Mill Rey, you must excuse us, and it will be needless to say any more of it, we are willing to accomodate you, therfore when you send a ship to lade you may ship the Goods undermentioned, and we wil make you good 20 p. Cent 6 p. Mill Rey wch. is as much as you had in ye. Warr Time — you may send 30 p. madder black Colchester Bays, 10 p. long Backing viz. 6 blew 2 Red and 2 musk Colour, 20 p. black Says, 30 p. long Ells viz. 20 blew & 10 sortable Colours, 10 lb. of small Shott n°. 3 — 10 p. Bowdyd Ten Hundreds, and Ten pieces of red and blew printed Cheynes — but if you are not pleased with our offer, we wil not take any Goods of any Person besides except what you know of one or Two Particular — for all Trade is come to nothing, with the dearness of Wines, and Such a greate abundance of Goods that are continually offeed, brought ashore to try if they can sell them, if they cannot, they carry them aborde again, and soe shutt up Shop and be gon with what they have, and doe you think that we are under the same Circumstances, as when Wines were plenty and Goods were Scarce, we have written soe much to Messrs. Hall besides what we have written to you that we can say noe more, and neither of you soe much as make us one direct Answare —

we are god be praised at the 29th, observe your order to send some quarter Cask of Malvasia, but it came too late, and now since WB doth not goe for England via Lisbon as he intended you may take three out of those that we ordered to Mr. Bartlet wherof two are marked WB and one marked P, there is another marked WB wch. is red, but suppose that wil not be for your purpose —

we have alreddy desired you to remit to Messrs. Brooke & Gulston 2600 reis in Comp. of Mr. Samuel Eyre for Wines p. Capt. Wake, and 1300 reis more on your particular for acct. of your 1/3 of the Malvasias, you may please likewise to remit more 2000 reis to said Gent on your owne Acct. said to Messrs. Clark Bennet & Comp. 1500 reis for our Acct. and the like Sum of 1500 reis more to Messrs. Hackshaw Foster & Comp. 1500 reis for our Acct. this being what we shall have Occation for in October whereon to value our Selves, unless you find the Exchange to fall to about 5 p. 8. and then we desire you to remit what you can to Messrs. Clark & Comp. one half and the other Staffe to Messrs. Brooke & Gulston, because we observe in the Winter at the Time of shipping of their Wines the Exchange for several years hath risen high and then in such Case we wil order their rechanging it to you again, for we would not have the Mony to lye dead if we could make any Improvement by it, therfore if you could make us any advantage of our Mony at home by imploying it as occation may offer at Loan or otherwise, you wil doe well, because we hope we shall not have occation to draw any thing considerable out of your hands — we leave it to your Self — and then may excuse the remittances except the particular Sums mentioned —
