Dear "Doc" —

Got the "Rebounds" & enjoyed it very much. Really flattered me to hear you read one of my letters to the boys. I guess first of all you & the team are due a great deal of "congrats" on those victories against I-State & K-State. ~~I really had quite a scare~~ — Deano & I were out together Sat. night & were thinking of you all at game time. I think Dean said that game against O.U. was the 1st he had missed in 8 years. We had a great time visiting & how queer it was that we showed be "bulling" here in N.Y. — this war has caused many a funny meeting. I guess. Anyway. I got a paper Sun. morning first thing to see the basketball results — was almost sick when I saw the score I-State 50 - Kansas 35. Well, I just couldn't believe it & practically refused to, because I told the boys that Kansas just doesn't get beat like that in basketball. I finally got the word when Gordon Stucker's Aunt, Miss Tucker wrote me, she saw Kansas beat I-State — the boys haven't heard the last from me yet about that.

I was especially glad to get the line-up, sure sounds like a great team — you can tell the boys that we're all looking for revenge against those Okies when they come to Lawrence.

Sure looks as if the lid blew off like you said it was going to "Doc" — the Eastern papers have been full of the BC scandal all week. I don't get too much of an opportunity to see the papers but happened
