April 16, 1941

Mr. Frederick W. Lang
Forsyth, Georgia

Dear Mr. Lang:

Mr. Julius Marks (a jeweler here in Lawrence) desires that you send him one of your foot-arch normalizers on a 30-day trial.

He has been having foot and leg trouble and I am very sure that this normalizer will give him splendid results. I told him of the great benefit it gave to other users.

When this normalizer arrives I will give him some instructions on using it as he is a neighbor of mine.

Please send it to Mr. Julius Marks, in care of Sol Marks & Son, 817 Massachusetts Street, Lawrence, Kansas.

Very cordially yours,

Director of Physical Education and Recreation
Varsity Basketball and Baseball Coach

FCA:lg

P.S. I am sending a carbon copy of this letter to your address in Atlanta.

F. C. A.
