July 28, 1938.

Dr. Lawrence S. Nelson,
The Salina Clinic,
Salina, Kansas.

Dear Doctor Phat:

Miss Irene Moll is applying for a position in the Salina school system. During the spring I wrote to Mr. H. E. Chandler, the chairman of our placement bureau for teachers, as follows:

"Miss Moll has fine qualities of character, personality, and ability to present her subject. She is attractive, cooperative, and I believe she will be very successful in her teaching."

Mr. Chandler has just informed me that Miss Loise Montgomery has resigned to go to the University of Nebraska as assistant there, and that there is another position open in the Salina schools for a physical education teacher.

Miss Moll is a Lawrence girl, and a splendid young woman. She and Miss Ruth Baker are very much of the same type in character. I am very sure that the Salina public school system would make no mistake in any way by selecting Miss Moll. She has been splendidly trained and has a fine sense of balance. She is clean, capable and courageous.

With Miss Moll and Miss Baker working in the same school system it would not only be pleasant for them but the system of work would be more homogeneous as they have both been trained by two outstanding women in physical education, Miss Ruth Hoover and Miss Elizabeth Dunkel.

I will appreciate it very much if you would use your kind offices in saying a good word to the proper authorities in behalf of Miss Moll. I will recommend her without reservation or evasion.

Very sincerely yours,

Director of Physical Education,
Varsity Basketball Coach.
