April 5, 1941

Mr. Wes Roberts
Secretary to Governor Ratner
State House
Topeka, Kansas

Dear Mr. Roberts:

Governor Ratner has writtem me asking that I have Vance Hall, one of my star basketeers, get in touch with you at an early date so that details of a possible position could be worked out.

Vance is a fine boy from Downs, Kansas and I am very sure that in addition to his fine Varsity Basketball playing he will be a great credit to the University of Kansas and the State of Kansas as he is that type of boy.

Vance wants to work outdoors so that he will be in good physical condition for next year, and I will appreciate any courtesy that you can extend when those things are being worked out.

At the first opportunity I am in Topeka, I will drop in and say hello and I hope the Governor will be free enough so that I can extend my personal greetings to him.

Sincerely yours,

Director of Physical Education and Recreation
Varsity Basketball and Baseball Coach
