June 19, 1940.

Mr. James H. Raport,
Camp Lincoln,
Lake Hubert, Minnesota.

Dear Jim:

I was very happy to receive your letter from New York, and especially to get your reaction on the recreational development in New York. I read your letter to my class in Community Recreation, and they found your observations very interesting and helpful.

Enrollment in the Summer Session is high, and we have some very nice classes in Physical Education. There has been fine attendance at the playground in the evenings, and the softball games start next week.

I am glad to know you are starting in your camp work, and I hope you have a very pleasant summer.

With best wishes, I am

Sincerely yours,

Director of Physical Education and Recreation,
Varsity Basketball Coach.
