Dr. F.C. Allen
Director of Physical Education
University of Kansas

Dear Dr Allen:

I want to apologize for not sending your job Survey analysis report sooner. Mr. Martin handed this to me and I overlooked the Survey sheet. I hope it is not too late.

Could you send me some information concerning graduate work in Physical Education for the coming summer term?

In your book Better Basketball I noticed the the brace for chronic shoulder dis-locations and was wondering if it is possible to buy one, and if so where? I have a boy that is susceptible to shoulder dislocation and I think that brace is the only solution. I am very anxious to find out about it.

I recently enjoyed a very pleasant few minutes with you at the Southwest League tournament at Dodge City and think you work there was fine. I remain Sincerely yours
