Frankfort Kans.
Aug. 14, 1940

Mr. Forest Allen
Director of Ath
Lawrence, Kans.

Dear Mr. Allen.

I am writing you concerning Mr Kenneth Kramer, last year graduate of Frankfort. Kenneth is interested in going to school and he has the making of a good football and basketball player. He wants to go to school, but he needs some kind of a job. One thing he is not afraid of manual labor. In fact he will do any kind of work.

You more than likely have some information on said young man. I imagine Mr Capsie, his coach more than likely gave you a little information, as they had a little difficulty the latter part of the year. But I personally think it was not all the youngsters fault. He formerly raised a little cain but he has quite that all out, for he realized it would not help him in College.
