Mr. Carl Lundquist

Dear Carl:

I have your letter of February 27 with enclosure asking for the first team and second team Big Six selections. Right after the Iowa State game at Ames on March 3 I will be happy to mail this selection to you from Ames on Monday night. I believe that we should wait until after that game for the final determination.

We are going to Nebraska tonight in a badly crippled condition and I am not expecting to win either the Nebraska or the Iowa State game. Bobby Allen's right elbow is so badly injured from a bruise and a bad sprain that he is in no condition to play at all, and perhaps will not get in either game. If he does he will be way below par and we need everything we have 100% perfect to off-set the superior height and weight advantage of our two northern adversaries.

We will try to win the Oklahoma game and if we get a tie I will consider that we have had more good fortune than normally should come to us. We have to take our bad breaks because we have had so many good breaks.

With kindest regards, I am,

Sincerely yours,

Sometime next week, I'd like to release the United Press All Big Six conference basketball team. If your selections are available by next Tuesday, March 4, would you please mail them to me then? I am waiting until after this big week end which ic coming up, since the three games played on Saturday and the one on Monday may influence you and the others in your final selections.

I am enclosing a blank and a self-addressed envelope for your convenience.

Dear Dr. Allen,

This will acknowledge your letter of January 14, 1941, and the enclosure of a copy of your letter to the Chancellor, in which you affirm your desire to cooperate with the Health Service. I had not seen the wording of the motion passed by the Board of the Physical Education Corporation until you brought me the copy a few days ago.

When I was asked if we would provide medical care and examinations for athletes in University competition I was told we were to take care of all groups. You can readily appreciate my position in being unwilling to accept responsibility for the health of the boys unless they come to us as soon as they need medical attention, and before they become"hospital patients". By early and adequate care the need for hospitalization with the resulting loss of time from classes and from competition can be reduced or avoided.

We are both interested in good health for our students, and I am sure we can work harmoniously toward that objective.

Sincerely,

Ralph I. Canuteson

Dear Jim:

It was extremely thoughtful of you, Jim to wire our boys in an effort to stimulate them for a win over Nebraska.

Undoubtedly your wire aided in the fight and determination the Kansas boys put in this game to whip Nebraska. I want you to know that the boys and I all appreciate what you did and the motive that prompted your sending the wire.

We are mighty sorry that you could not be with us, but your wire did the trick and we are grateful.

Gentlemen:

We greatly appreciate your thoughtfulness in sending us wires previous to the Nebraska and Iowa State games.

The first wire undoubtedly had something to do with our win over Nebraska because we only received two wires; one from Jim Arnold, who was in the hospital in Lawrence, encouraging the boys to battle harder, and yours.

In regard to the Iowa State game the boys did their best but they did not quite have enough fight and vitality to put that one over.

It was thoughtful of you to send the wires and the boys and I greatly appreciate it.
