Mr. George Hollingbery
307 North Michigan Avenue
Chicago, Illinois

Dear George:

I returned the Flagg sketch as you suggested but it has not been returned with your incriminating comment. Please don't fail me on this.

Now that Jackman has requested a move to Topeka for WREN, it makes me wonder if it would be advisable for the Journal-World to make application for a FM license. What is your advice and whomwould you recommend to handle such an application if it is the advisable thing to do.

My best to all the Hollingberys.

Sincerely,

Dolph Simons
