Chicago, Ill.

Dear Etoile:

I am leaving in a few minutes for Manhattan to attend the Kansas Baptist Convention, and hope to be back sometime tomorrow.

Janet, Mc. and their little ones were with us over the week end, and we had a good although short visit. Mc. was in Topeka Saturday and in Leavenworth on Monday and Tuesday, leaving for home Tuesday afternoon.

Gertrude is getting along nicely and we hope to take her home tomorrow, if I get back in time. It will be a month before she will have her harness off and still longer, probably, before her arm is out of a sling.

It looks as if we were headed for better times, and I sincerely hope that people will not go crazy in regard to stock speculation.

Give my love to all the others and keep a lot for yourself.

Lovingly your brother,
