

Dear Blanche,

This afternoon the sweater came and it sure is a peach. The color and the fit are just exactly right and the style just suits me to a dot. You sure did do it up brown and thanks again and again for it. It is getting cold again, and rainy today, so that sweater will be appreciated right away. The fellows at tell me I drew a good horse and here's hoping. I will be back on duty Sunday morning and Corporal Westrum and I are going riding in the afternoon. Will get some pictures maybe. Will write a letter as soon as I get some prints from town. Forrest.
