February 17, 1944.

Word has come to me regarding certain members of the Navy V-12 on the basketball team who are failing to bring their chow cards for their evening meal. They impose upon some of our Chief Specialists to vouch for them.

This is imposing upon generosity and subjecting the Chief to embarrassment and certain disciplinary measures.

Please hereafter get your own chow card.

Impositions which have been practiced heretofore show an utter disregard for the other fellow's welfare.

Varsity Basketball Coach.
