September 10, 1942.

Mr. Raymond Nichols,
Chancellor's Office.

Dear Ray:

We are expecting to pay 50¢ an hour to our student instructors who will assist us in the compulsory physical education program. As you will recall, this was the basis of Dean Smith's computations in figuring the budget for this program.

At the present time I am unable to give you the names of these students, but I trust this wage scale will be permitted for this type of assistance in our department.

Sincerely yours,

Director of Physical Education,
Varsity Basketball Coach.
