Dr Forrest Allen
Basketball Director
Kansas University

Dear Mr. Allen:

As you know Bill & I come to you in the summer for some basket Ball play, which you gave me and I am very greatful. I saw your Man-for-Man plays against the town team and won 26-20.

I meet a team a week from friday with a Zone defense and I would appreciate a few zone plays. I would prefer simple plays because my boys are on plays for their first year.

I have one boy, Lavayne Brewer, who is an exceptional basket ball player. He is 6-2" and as good a high school boy I've ever seen. I have been talking Kansas to him and I will bring him out to see you next spring or sooner. He is a senior & a good student. I shall send you news-paper clipping of his performance.

Yours truly
MARVIN DOUTT
