

"WITH THE COLORS"

(2.)

with a "tummy-ache,"
Co. "A" would be very
seriously crippled.

Marie, don't ever
think for a minute that
I will get tired of receiving
your letters. I am at
least as glad to get letters
from you as you are to
hear from me. But at
the same time I think
it would be better to
write every other day, as
lots of times I get two
letters on one day and
none the preceding day.

Now please, little
sweetheart, don't think
that I am tiring of you
in the least.
