Dear Mr. Endcaott:

Thank you very much for your postcard and the January copy of "Philnews." I find this a very interesting magazine and I appreciate very much your sending it to me. They certainly gave a great spread to the basketball team.

When I think of the Phillips Petroleum Company the first fellow that comes to my mind is Paul Endacott.

With deep appreciation of our friendship and always assuring you that it is a great pleasure to hear from you at any time, I am,

Sincerely yours,
