July 8, 1938.

Dean George A. Esterly,
University of Newark,
Newark, New Jersey.

Dear George:

I am just getting around to answering your personal note that you left at my office when you called on April 19.

Of course, I see your good dad quite often and we have a great many conversations concerning you and your future, - and we think it is brilliant. I want you to know that I do appreciate your stopping by for a personal visit. It is always good to see you.

The Allen's kindest to the Esterlys, and best wishes for your continued success.

Fraternally yours,

Director of Physical Education,
Varsity Basketball Coach.
