of boys. It's too bad they are so small and inexperienced. I was fortunate enough to see them play the first part of the year. and believe you me if any team relaxes they will get trounced. The boys have the proper spirit and will cause plenty of headaches for opponents.

Have you heard from any of my old buddies lately - Ed Hall, Monte Merkle, T.P. Hunter, Grant Hunter or any of the others. I'd like to hear from the boys and learn how they are and the experiences they've had. Denzel is now somewhere in Combat - But where I do not know. However I believe he is somewhere West of San Francisco. I'm still a "Desk Pilot" handling paper work etc. that goes with such a job.

P.S. Give my regards to all my friends you might see.
