May 13, 1938.

Professor John Ise,
University of Kansas.

Dear John:

I have communicated the information to Mr. Earl Falkenstien, our financial secretary, regarding the rental on lumber space.

I am also looking into the matter of disposing of the basketball goal. This will be done in a very short while.

It was good to see you, if only for a short while.

Cordially yours,

Director of Physical Education,
Varsity Basketball Coach.
