Mr Phog Allen
Lawrence Ks.

Dear Sir,

I received word from the boy, Harold Pilat that he is inclined to drop basket ball this year on account of his job. Now I'm directing these lines to you in the hope some thing can be done about it for I would greatly dislike to see him do so. He was out faithfully all season on the freshman squad and had high hopes for this year. He is a natural basket ball player and I feel he has possibilities also for the Jay-hawks. And it would mean so much for his scholastic career if he would pep up this sport. Would you please call him in and talk the matter over with him. He is at the Triangle Fraternity. 1145 Ind.

Thanking you for your interest in helping us to prepare these young men for life I beg to remain

Yours truly Rev. W. Pilat
