Dear Joe:

I am happy to have your letter of the 29th ult. I am pleased that you are happy in your work. Your dad and mom were over to the last game and we had a nice visit. We talked about you, among other interesting things.

I am glad that you like the Rebounds and I am sorry that I have not written another one so that I could send it to you, but I will sometime in the near future.

When this thing is over, we will be glad to have you return to the University and be a member of our Jayhawk Varsity Basketball Squad.

With every good wish to you, I am

Fraternally,

Director of Physical Education,
Varsity Basketball Coach.

FCA:MF

P.S. I might add that your dad was one of the Kansas greats in basketball. I know how proud you are of him and it is justifiable.
