Dear Mr.Lang:

I have a notion that Jimmy Cox does not want to write a recommendation regarding your arch normalizer on Harvard stationery. Jimmy is young and I believe that he is afraid that the Harvard people might get on him for writing a testimonial for something of this nature.

I have tried to get this from Cox for you, but I do not believe that he wants to do it; therefore, I am very hesitant in asking again that he do this. I believe that you can understand my situation in the matter. I have never had any letter from him signifying such a conviction, but I believe under the conditions that I would be hesitant in asking.

I am sorry that I cannot do this since I assure you I would be glad to help you in every way possible.

With all good wishes, I am,

Sincerely yours,

Director of Physical Education and Recreation
Varsity Basketball and Baseball Coach
