I appreciate the fact that you wrote your letter from a personal interest and I assure you that you and I have some very strong mutual friends. I assure you I am not questioning the individual merits of you, Mr. Welsh, but I am like any other buyer, I want to buy what I want and a fellow cannot give me something I do not want, even though it may be a good product.

Thanking you graciously for your kindness, and assuring you that should your son come to K.U. we will welcome him here and do everything we can to make his stay here both pleasant and profitable, I am,

Very cordially yours,

Director of Physical Education and Recreation
Varsity Basketball Coach
