I dislike to complain about little things, but this is not a little thing, in my opinion. It really makes or breaks a book when an expert basketball man looks at such an action cut on the front of ~~that I think~~ is a very good basketball book.

Mr. Hyland will doubtless remember my stressing this point very emphatically. He assured me that this would be taken good care of, and yet I never heard anything about it until I received a copy of the book.

Very sincerely yours,
