

"WITH THE COLORS"

(4)

a long distance receiving set if I ever see Bebit again. Our trip to France has apparently been called off for awhile. We were supposed to get part of our service radio equipment at the Port of Embarkation. It has been shipped to us and it is all for use in the trenches, while our training radio apparatus was all for open field service. The new sets are run by storage batteries and a part is carried on each man's back. The transmitting sets are
