Chairman, K.U. Red Cross Drive for Japan.

Very sincerely yours,

Dear Sir:

To identificate your giving we are not asking anyone to call upon you, but we are asking that you mail your donation to Room 101 Harrison Gymnasium. Presuming that you will make a contribution, we are enclosing the Red Cross effects and label slip, but if you find it if impossible to give, kindly return them to this office.

The faculty and employees of the University have always given liberally and responded most generously. I know that you will do what seems to you most equitable. The students are also being given an opportunity to make their share. Upon every occasion, said, "The Red Cross is copy with me." I who. I have never talked to a Martian, a soldier or a sailor but have already made my contribution. If is the finest that keeps us living."

I like this slogan: IF YOU CAN'T GO -- GIVE. And another GIVE TO THOSE WHO GAVE. Why should I pick me right in the middle: see more?

The Red Cross drive started Monday last, but since we had accepted. I thought it perfect for this letter to arrive at your desk after the semester accounts is over and you are ready to put first things first.

Yours for a generous and responsive gift.

To the Faculty and Employees of the University:

We do not need an argument as to why we should give to the Red Cross, nor do we need to specify reasons as to how much we can give. You know the answers to both.

I have never talked to a Martian, a soldier or a sailor but

Dear Sir:

I have made my contribution to Mrs J. H. Nelson who called for our neighborhood
