July 12, 1941.

Hon. Rob Rankin,
Lawrence, Kansas.

Dear Senator Rob:

You certainly are a swell fellow! Yes, you bet I do remember that years ago some fine young people from North Carolina came and settled around here in the early days. And they made their place not only in the community but in the West, as well.

Thank you, Rob, so very, very much. I certainly did not expect anything like this and I think you have given too much. I will see you Monday and return this check and get a smaller one. I never like to embarrass anyone and this embarrasses me to take this much money from you. But you have always been extremely generous and kind to all people. Therefore, I am going to ask you to exchange this check for a smaller one.

With all good wishes and appreciation of your fine friendship, I am

Sincerely yours,

Director of Physical Education and Recreation,
Varsity Basketball Coach.
