Mr. Glenn Mize
Bonner Springs, Kansas

Dear Glenn:

I have been down to the Texas Coaching School at Austin, and this week have been connected with the Kansas State High School Coaching faculty. I have your letter of August 14 and am glad to learn that you have a job for next school year.

This coming Monday or Tuesday I am planning to leave for Louisville, Kentucky to visit my daughter and grandchildren, and then doubtless I will go from Louisville to Chicago to meet with the N.C.A.A. Executive Committee on the 6th and 7th of September. I will probably not return to Lawrence until about the 10th.

I shall be glad to have you drop in the office sometime after the 10th, and will be happy to help you in every way possible.

Sincerely yours,

Director of Physical Education and Recreation
Varsity Basketball Coach
