Personal.

Don't worry about me  
and the pass.

Why does Mrs. Shaw  
tell Marie to write "just  
chummy letters." Also  
just what do you mean by  
saying "she's just a  
good comrade, but not  
the right comrade that  
may come some time ----".

Please don't misunderstand  
me. There is not a single  
girl in the world that is  
better in any way than  
Marie according to my  
way of judging girls.

So you can bet your  
all that if I ever do
