San Diego, California

Dear Mrs. Wampler:

I was glad to receive your letter of August 29th and asked Mrs. Farris to continue sending the paper to you until she heard from you further.

I like our new pastor very much, and I am sure he is generally liked by the people of the church. This, in a way, is indicated by the fact that the people have rallied to the financial support of the church these last few months in a rather unusual manner.

I hope your boys are happy and successful in their work.

I know you have enjoyed the fishing, and sometime or other perhaps you can drop in on us at our summer cabin at Gull Lake, Minnesota, near Brainerd, where we can eat walleye together.

Mrs. Simons joins me in sending best wishes.

Sincerely yours,

W. C. Simons
