| 22. unaffected        | 45. Bait gone   |
| 23. unaffected        | 46. Peromyscus. |

Did not have time for skinning or measurements so placed in ice-box and will record tomorrow. It is no easy job to establish a trap line and make detailed description account of area and still have time left for regular routine work. To bed late and on a full stomach but expect to establish regularly before close of day tomorrow. Today overcast skies & cool breeze

8-5-39 - Station 1. West Canyon. Rhodes Cabin.

after breakfast examined research area A-8-4-39 between 7:20 A.M. and 7:35 A.M. The results were:

- |  |                |                |
|--|----------------|----------------|
| 1. microtis                                      | 7. unaffected  | 12. unaffected |
| 2. microtis                                      | 8. Peromyscus  | 13. microtis   |
| 3. microtis                                      | 9. Peromyscus  | 14. Sprung     |
| 4. microtis (part of skull, eye, hind leg eaten) | 10. Peromyscus | 15. Sprung     |
| 5. unaffected                                    | 11. Peromyscus | 16. Peromyscus |
| 6. unaffected                                    |                | 17. unaffected |
