| 22 Peromyscus | |
| 23-27 uneffected | |
| 28 Peromyscus | |

On way up oak & maple hillside to inspect the research area A-8-6-39 met up with a cooper hawk that had killed a cottontail rabbit and was eating it in a gulch. On being approached the hawk attempted to fly away with the booty but failed after several trials. It finally left the rabbit and flew 60' away where it remained while we examined its catch. This occurred at 6:45 A.M.

Inspection of research area A-8-6-39 at 6:50 A.M.
