- 93-100 uneffected
- Finished at 6:45 P.M.

In the hole where gopher was taken this morning find that the entrance is plugged with dirt so known the two gopher were living together here. Will set here tonight and see if I can catch its mate.

at camp I super. Evening breeze cool and looks like it might continue all night. Skies nearly clear.

9-2-39.

Breakfast over before trap line routine.

Inspection of research area A-9-1-39 at 7:00 A.M.
