

there appeared to be only one calling. This ridge is the high one on east side of Timpanoche basin.

- 7:20 Tamiasciurus calling.
- 7:23 Sun on top of foot of sleeping princess.
- 7:26 Sun on glass house of Timpanogoe.

After breakfast left camp on a reconnaissance trip around the environs of Timpanoche basin. Starting at 7:30 A.M.

Recorded in a very crude manner the general course taken in the basin. a course designed to give the best possible list of birds & mammals in the area. From camp to 8:15 found evidence of deer in fed grounds in conifers and in open aspen of hillside.
